Re: ASHAR amended site plan

Dear Members:

This letter is intended to supplement ASHAR's previously-submitted Traffic Control Plan Information dated October 13, 2020. The information below directly responds to inquiries presented on behalf of the Board by the Board's Clerk via e-mail dated October 20, 2020.

Please be advised that the following information is based on ASHAR's experience prior to the current pandemic-related restrictions, as that information is more typical of ASHAR's operations.

1. Approximately how many cars transport the 80-85 kids mentioned in the narrative? How does this amount vary on Fridays?

Approximately 35 to 40 cars transport children for both pickup and drop-off, but the number can vary based on factors outside the control of the school. Pickup and drop-off numbers do not change based on the day of the week, but may change for other, unrelated reasons.

2. How many large buses, how many mini buses and approximately how many on each bus?

Arrivals:

7:40am – 2 large buses, 2 small buses

8:15am – 5 large buses, 7 small buses

Dismissals (Monday – Thursday)

3:40pm – 3 large buses, 6 small buses

4:25pm – 2 large buses, 2 small buses

Dismissal (Friday)

1:30pm – 11 large buses, 4 small buses

(Large bus = 66 seat capacity; small bus = 44 seat capacity; actual number of passengers varies by route. Most buses do not run at full capacity. Total ridership is approximately 395.)

We trust that this responds to the Board's questions.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Ira M. Emanuel', with a long horizontal flourish extending to the right.

Ira M. Emanuel
